

Ribbon Cutting Ceremonies

By John Chapman

Ribbon cutting ceremonies will be held on Tuesday, December 16, 2008 beginning at the Comfort Middle School. The Comfort ISD School Board will do the honors of officially opening the new additions at the middle school by cutting the ribbon at 5:30pm. Mr. Chris Yeschke and Mr. Corey Harris, middle school administration, will conduct a tour of the new middle school gym, science lab, classrooms and locker rooms. Refreshments will be served at the middle school.

The tour continues as Mrs. Angeli Willson, Comfort Elementary Principal, and Mr. Bob McConnell, Comfort Elementary Assistant Principal, lead participants through the new wing E at the elementary school.

The tour will then move across town to the high school. Mr. Jadie Matthew, Mrs. Katherine Kuentler, Keith Muehlstein, Jerry Lively and Randy Hector will lead the tour through the new high school building A, building B, and then move to the back of the property as the field house, building trades and containment barn are shown.

The tours will be structured with specific times for viewing new buildings and/or additions. Central Office will have a detailed timeline printed on programs that will be distributed at the beginning of the tour at the middle school.

The next two weeks in the district will be extremely busy with many activities during the school days and on the weekends. Please check the district website for schedules of events and times. I hope you will join us during our many holiday activities.
