

Volunteer Request
By John Chapman

The district is reviewing the Bilingual/ESL and Gifted and Talented (G/T) Programs with the emphasis on researching major trends with the primary focus on improvement throughout the three campuses.

At the District-Wide Educational Improvement Council (DWC) meeting held on January 21st, the committee unanimously voted to form two sub-committees to gather and review data on these specific programs. After the review process, the sub-committees will present their recommendations to the DWC for the 2009-2010 school year.

Anyone interested in volunteering to serve on one or both of the committees, please contact your respective DWC representative or me, John Chapman, on or before February 13, 2009. The members of the DWC are:

Patty Martinez
Bruce Lott
Paula Bohnert
Dana McGill – CHS
Tammy Lindner
Jeffery Rector - CES
Barbara Pankratz – CES

Melissa Dunbar - CMS
Lydia Storey - CMS
Christine Poulis - CMS
Charlotte Kneupper – CHS
Shelly Pankratz - CHS

Both committees will review the current practices of the specific programs at all three campuses. The DWC is interested in developing high level programs for all students as we move toward becoming an exemplary district.

Once the sub-committees are established, further information will be distributed. Please consider taking this opportunity to “Cultivate Hearts and Minds”.
