**Subject:** SchoolCentral Alert System

Comfort Independent School District is deploying a new communication platform to better meet your needs. It is called SchoolCentral.

SchoolCentral will allow us to distribute information to parents and students via the web, mobile web, email and text message. The platform is fast and efficient, and it will help us reduce our costs.

We will be implementing the SchoolCentral platform throughout the district; and it will be the primary method of communication in the event of an emergency. As a result, we highly recommend parents follow the below link and register for a free account. Additionally, through SchoolCentral, we will notify you of weather-related school closing, update you on events, keep school activity calendars up-to-date and more.

I believe SchoolCentral is a great and important tool. Please take the time to register your account now by clicking the below link.
